**Description**

VILLA TORRETTA is one of the three independent units that compose the Villa Michelangelo located in one of the most beautiful places of the whole world. It has recently been restructured, extremely well finished and fully furnished with antiques. The owners put a lot of attention to details in choosing high quality antique furniture.

The first foundations of the property goes back since 1300, but the structure, throughout the centuries, has been reconstructed several times and the latest works were done in 1770. The beautiful sober and elegant 1700 Florentine style is the one that marks the exteriors of the complex yet in the present days. VILLA TORRETTA is surrounded by almost two acres of park, cultivated by olive and fruit trees, whilst praising one of the most beautiful panoramic views in the world overlooking the town of Florence. Situated in the most charming and panoramic hill that surrounds Florence, San Miniato, in a magnificent park, facing Piazzale Michelangelo and bordering the monumental complex of S. Miniato al Monte, in a few minutes guests can be nearby the museums, monuments, cafes, restaurants and boutiques in downtown.

There's no tourist in the world that misses the spectacular panoramic view of the town from Piazzale Michelangelo.....you can have it night and day from your Florentine Villa
